All persons receiving a sample copy of the Review will consider it an invitation to become a subscriber, and will write us a card to send it right along.

The next issue will be largely comprised of sketches of our business men in this city and also in the country. Send in your orders for extra copies at once. Ten cents a copy under forty, over that number, ten cents.

PATENT HOOK.—The one the little people of it is now owned by John Hatfield. It is double-edged, can be put higher than with any other, it is the best without a question. Call at the Review office and see it.

NEW ARRIVALS.—We have had several new arrivals for 1886 to give the New York World and the Review to all subscribers the same as for 1885. Three dollars in advance secure both papers for one year. 1886 will be a great political year in this country.

MOCK READERS.—Sometimes an advertiser says, "How is it that you charge more for the same space in the Review now than you did one year ago?" The answer is easy, 800 to 1000 more people read the Review now than a year ago, hence an advertiser gets more for his money at the present rates than he did one year ago.

NEW BOOKS.—Crawford Bros. have received a lot of new books of 1000 pages each from Cunningham, Curtis & Welch of San Francisco. These are the finest set of books we have ever had the best bound and the best quality of finished book paper.

GOOD WORK.—The State Sup't. of Public Instruction of the State of Oregon is certainly one of the best compilers and annotators of school laws in our whole country. Take his list as well as former reports, and you find everything done "gleefully and in order."

Want of space forbids an extended notice of this list, but we have received recently the sixth annual report of the Sup't. of Public Instruction. Accept our thanks Prof. McKelroy for this document.

PRISONER ESCAPES.—The prisoner in our county jail, Elmer Tower, had made several attempts to get away, and Tuesday he succeeded, and ran like a quarter horse. He was out at the pump getting water, and broke and then the Deputy Sheriff and a few of our legal footsore in hot pursuit were seen a scuffling fence, splitting mail and using epithets that would have done honor to other professions. But Charley Anderson who lives near Deer Creek heard the noise as of many horses approaching, pulled down his empty Winchester and ran out and belied the object of the pursuit, and the rest of us, the prisoner capitulated with both hands raised toward heaven, and thus ended the fun.

THE CHRISTMAS TREE.—At the expected time a very large audience gathered at St. Luke's hall on Xmas eve to receive the presents that had been placed there by friendly hands. The singing by the children was capital, and the recitations good. It was a happy event, and we received two fine presents for which we feel daily obligated, a fine silk hat, and a \$500.00 bill which was duly signed by the authorities Feb. 17th 1884 at Richmond Virginia. Miss Lucy Hay Mrs. W. S. Humphrey, Miss Zella Ziegler, Mrs. S. C. Farnham, deserve special mention for the success of the occasion, and the rest of us, the prisoners capitulated with both hands raised toward heaven, and thus ended the fun.

THE OAKLAND FORGERY.—One day last week the usual quiet little town of Oakland was visited by a couple of cheek, well-dressed gentlemen in quest of a large farm. After looking around for some time they came to the conclusion that Mr. Dodge's farm would suit them, and being short of ready cash they said they would go to Portland and have some checks cashed, in the meantime Mr. Dodge advanced them \$100 on a certificate of deposit with Wells Fargo & Co. in Vancouver for \$1000, and some other gentlemen, whose names we have not learned, advanced \$300 more. Some time during the trip the two gentlemen, after the two checks, well-dressed gentlemen took their departure for parts unknown and in their haste forgot to settle their board bill. This led to an investigation which resulted in the disclosure that the certificate was a forgery. At last accounts they were still non est. The above parties were caught on the freight train bound south at Riddle's, and were taken to Oakland where they waited examination, and were found over in \$500 each. \$76.50 of the money was recovered. They give their names as John Lyons and F. Kelly.

REFORM CLUB.—The Reform Club in this city numbers over two hundred and twenty members. Before the first of June 1886 it will contain at least one hundred voters. Prohibition is a study which ought to encourage everyone who has any interest in the moral progress of our country. In this earnestness on account of business, but their fervor in the cause appears to be increasing. The prohibition campaign is growing hotter and of larger proportions everywhere. The secular press has taken up the matter and is becoming deeply involved in it; not that it believes that prohibition is exactly right, but that it is the best method to be pursued to suppress the greatest evil that exists in our land, "the traffic in alcoholic drinks." The intemperance of the weather last Tuesday evening did not appear to prevent many from attending the lecture at the Grange hall. Rev. W. A. Smick, the speaker of the evening, spoke at considerable length on the evil of intemperance. His remarks were both interesting and instructive. He is a strict prohibitionist in every sense of the word, and believes in voting the evil down. His opinion is that a third party is the only means of effecting the great cause. Five minute speeches were made by Rev. J. W. Miller, Hon. W. F. Benjamin, Mr. Stearns of Oakland, Mr. Rapp and Mr. Mullen. Rev. W. A. Smick was elected chaplain at the next meeting, and Rev. J. W. Miller was chosen to deliver the society.

Wm. Smith and wife, of Oak Grove were in this city last Tuesday, and returned home the evening of the same day. William says that he will remain with us until spring; and we hope longer.

The Junior Band serenaded all of our business houses and some private families on Xmas day. The nuptial notes were received gladly by all. Young friends, many thanks for your Christmas serenade.

We think our friend, Bro. Genger is mistaken when he says in his letter that we paid "too much for our poor farm," our opinion is it was cheap, and a good investment. He is entitled to his views however.

Mrs. Miller of the Rev. M. C. Miller is now in our city on a visit and the guest of Mrs. J. R. N. Bell. Bro. Miller was a few years since in charge of this work, and a more acceptable pastor we never had.

Frank Willis Esq. formerly of Douglas, now of Coffey, Mo. came on a visit to his parents, Rev. W. A. and Mrs. Willis on Deer creek, this week. His friends will be glad to see him since he has been gone so long a time.

Fred Cronmiller manager of the Prohibition Star went to Jackson county last week, but did not so much as slip a card under our door, leaving his many friends in Roseburg to wonder at his phlegmatic way of doing things.

We take back what we said in the above item, Bro. Cronmiller is here and doing a good business in our city.

Ayre's Cherry Pectoral is recommended by physicians of great eminence, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. It affords prompt relief. No family should be without it.

H. L. Marton one of our most intelligent and respected citizens left for San Diego California this week on account of his asthmatic troubles. We sincerely hope he may regain his wonted health, and return to us to remain during his natural term of days.

I have on hand an extra fine lot of fruit trees consisting of the following varieties: Apple, Pear, Peach Plum, Prune, Cherries, Quinces, Apricot, and Grape Trees for sale cheap. Give me a call, near the depot.

W. S. Hotchkiss.

Health is impossible when the blood is impure, thick, and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism, and other disorders. Ayer's Sarsaparilla makes the blood pure, rich, and vitalizing.

Our regular correspondents and others will appreciate the fact we hope when we say, that next week the REVIEW will be a business issue and therefore we shall not be able to publish any correspondence, however we trust that they will give us a double installment the week following for which we will ever be thankful.

John W. Dowell laid on our table on Tuesday morning some very nice tomatoes—just picked from the vines; also red peppers and a bunch of oats fully headed out and beginning to ripen, all growing out of doors. How is this for the last days of December. Hurrah for old Umpqua, the vale of Cashmere.

We believe without a doubt that our issue of next week will be the best and fullest description of Douglas county and Roseburg yet given. We have gone to considerable expense to gather this information. Recently and now we ask all to purchase copies sufficient to reimburse us, and thus advertise our grand country.

L. W. Smith is in connection with his firm, handling the Oregon iron fence for cemetery enclosures, public and private residences, and will sell at reasonable figures. A number of our leading farmers and citizens have already made purchases, among them Uncle Aaron Rose. Call at Sheridan Bros. and get this new fan mill.

A PHYSICIAN'S TESTIMONY.
"In the treatment of lung and bronchial diseases the liver is often implicated to such an extent that a hepatic remedy becomes necessary. In the treatment of such cases I prescribe Simmons' Liver Regulator with entire satisfaction. I find that it acts mildly but effectively in regulating the secretions of the liver, stomach and bowels.—L. L. STEPHENSON, M. D. of Owensboro, Ky."

EASY TO GET THROUGH.
How can a watch—no matter how costly—be expected to go when the mainspring won't operate? How can anyone be well when his stomach, liver or kidneys are out of order? Of course you say, "He cannot." Yet thousands of people drag along miserably in that condition; not sick, but not able to work with comfort and energy. How foolish when a bottle or two of Parker's Tonic would set them all right. Try it, and get back your health and spirits.

"I DON'T FEEL LIKE WORK."
It makes no difference what business you are engaged in: whether you are a preacher, a merchant, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozen hours of full languor and pain.

EXTRA EDITION.
Next week we will issue a mammoth edition of the REVIEW. It will contain a brief description of Douglas county, its resources and advantages, public and private improvements, financial condition of the county, list of marriages during the past year, business index and many other important items of interest to our readers and their friends in the east and elsewhere. All parties wishing extra copies will be supplied to any extent. Send in your orders immediately.

Am glad to be able to report prosperity. We now have a large attendance from all sections of the Northwest and new students are coming in almost daily. I have labored hard for five years, teaching day and night at all seasons, to place this school foremost in the minds of persons desirous of obtaining a business education and am proud of the success achieved. I hereby extend to you a personal invitation to visit our school when next in Portland.

Very truly,
A. P. Armstrong.

We witnessed a very comical scene on Christmas day, which was good for originality if nothing else. One of our estimable citizens having determined upon having chicken for dinner, started out to obtain one on short notice but the chicken thinking self-preservation the first law of nature, determined that it was not the one to be eaten on such short notice and therefore planted itself in the middle of a large mud hole, from whence the owner was unable to dislodge it. When we took our last look at the scene, the gentleman was gazing with a most disappointed look at the chicken who returned it, with a look as triumphant as if he had just been elected marshal of Roseburg.

We have received from George Simson & Co., of Portland, Maine, the well-known Art Publishers, a magnificent, full length, steel engraving of General Grant. It is after Andersons celebrated photograph, which was made while the general was still in full vigor, and represents him in his sturdy manly strength as the people wish to remember him. It is undoubtedly the best portrait ever made of the general.

Messrs. Simson & Co. are in need of agents for several important, popular, new publications; and offer inducements that should be heeded by those in need of profitable work; those who write to them will receive, free, full particulars.

A nice assortment of Boys overcoats, ranging from 2 1/2 years up, at M. Josephson's.

Oregon and California Railroad Co. R. Kowler, Receiver.

General Freight and Passenger Dept. Portland, Or. Dec. 15, 1885.

Circular No. 24.
Notice is hereby given that Freight Tariffs No's. 59, 62, 64, 66 and 68, dated July 10, 1885, and revised Local Freight Classifications of same date, together with all special rates, rulings, notices and circulars regarding rates issued since January 1, 1885, will remain in force until January 3, 1886, and will expire at that date at 12 o'clock midnight.

Approved: R. Kowler, Manager. F. P. Rogers, Gen'l Frt and Pass'g Agt.

Calapooia Notes.
Times lively.

J. E. Kerley has been quite ill for sometime but is reported better now.

W. M. Johnson says if you want a good dinner go to Roseburg and you can get it.

Any one wishing to learn how to save labor without soil will do well to inquire of A. J. B. and E. E. Barnard have gone to Elton to spend holidays, we wish them a pleasant trip.

Every one is anticipating a fine time at Umpqua Ferry New Years eve and we hope they will have it.

Felix what was the attraction at the mill last Sunday, we hardly think the miller runs the mill on the Sabbath day.

Miss Lillie Star one of Calapooia's fairest who has been attending school at Drain has come home to spend holidays, we are glad to see you Lillie and we know you are well pleased with your school.

NORWICH, K.

French Settlement Items.
Roads muddy.

Weather changeable.

Xmas passed off quietly.

There is talk of a new P. O. in this vicinity.

The late rains have given the plow boy a rest.

Miss Mary Wells is visiting in French Settlement.

David Grenot killed a fine lot of hogs Monday last.

Chas. Fisher of the State University, is residing at home.

The Christmas tree in Garden Valley proved a very enjoyable affair.

Wm. Callahan had the misfortune to cut his knee, which has kept him indoors lately.

Alfred Archambault is now at home from Portland where he has been attending school.

The many friends of Mrs. David Grenot will be pained to learn that she is still confined to her bed.

Messrs. Samp Dunham and Will C. Cheek of the Drain Normal School are spending the holidays at home.

The Messrs. Parlee and Ollie Thompson and their brother Elbert spent the Christmas holidays visiting friends here.

Narcisus Conn came up on Thursday's train from Salem where he has been attending school at the Willamette University.

The shooting match at Looking Glass passed off smoothly with the exception of one fight. The hop in the evening was a grand success.

W. T. Wright formerly of your city is at present on his farm, and has lately been busy repairing his cottage which presents a very neat appearance.

"Champion checker player" is of the opinion that if the L. G. correspondent would devote a part of those long evenings which he spends up the way, to this harmless amusement, he would wear the cap.

A Word On The Other Side.
EDITOR REVIEW.—The Riddle controversy has developed something new and mysterious. To find a precinct of 200 legal voters in Douglas county, who fully endorse John H. Mitchell as their first choice for United States Senator is marvellous indeed, with only one dissenting voice. Well Solomon was overthrown with five or ten to plead their case, how will it be with this people with only one to plead for them. We know of but one strong point of defense and that is youthful indiscretion.

We are more hopeful in our precinct as we have but one who fully endorses Mitchell, and he is a rock-bottom ironclad Democrat, who admits all charges preferred by the Oregonian to be true but says such things never hurt the character of smart men. So thought S. E. Cannon of Mormon notoriety, before the Supreme Court decided to the contrary or otherwise. Let us have peace in the Republican party on this line.

DRAIN ITEMS.

On Thursday evening of last week, our village had two Christmas trees one at the Academy and one at the Christian Church. Both were artistically decorated and well laden with presents, useful and ornamental. They were a success in every sense of the word.

It is a comfort, to see Oregon keeping up her reputation as a dispenser of superlative moisture, although it sets one to speculating upon the mysterious providence that permits the California farmer to long in vain for refreshing showers, at the very time when the wretched granger vents his anathemas upon the unnecessary mud and water.

The socialist is correct in his theory of the eternal fitness of things; there should be a redistribution of the blessings of providence. While on this line I also wonder why it is that there is not a greater rush of immigration to Douglas county. In the northern part of the County, there is abundant room for many more thrifty farmers and stock raisers. Last fall I went over to the Smith River country, about ten miles north of Drain, and I saw hundreds of acres of unoccupied land, as fertile as the sun shines upon. Some of it was river bottom, containing in the surface soil, the wealth of centuries of rank vegetation. The two settlers living there at the time, Williams and Woodruff, had planted gardens, which at the time of my visit were bearing splendid harvests in return for very slight labor. All of this land is easy of access, a splendid wagon road to Drain could be built with a small outlay of labor only, and the results of industry would make the laggard green with envy. I predict that before two years have passed away there will be a store, school house, post office and many other evidences of thrift in this nucleus of settlement.

Again all the way from Drain to Gardiner there are valleys and small streams tributary to the Umpqua whose rich acreage is industriously awaiting the advent of intelligent, thrifty pioneers, who seeing the possibilities of the soil and the certainty of the Umpqua being at no distant day a highway of commerce to the sea.

There is room for hundreds of happy homes in Northern Douglas. Let them come!

Mrs. Blackwood has leased her hotel to Mr. Moore, formerly of the stage company, and with his charming wife he has taken possession and is now catering to the public wants in his line to the satisfaction of all. We join their many friends in wishing them abundant prosperity in their new work.

I went into Drain & Co's. store to-day and was surprised. They go right on selling goods at ruinously low prices, just as if Christmas were not a thing of the past. If they don't know that it is somebody ought to go and tell them.

The vacation of the Normal school closed this week and next Monday morning a hundred or more students will assemble in their accustomed places refreshed with their rest and recreation and ready to work with renewed vigor. The school is doing grand work and richly deserves its prosperity.

We hear of candidates for county officers looping up in various districts, but the cold wave has not yet struck our precinct.

Month-end News.
We have plenty of rain here, but no snow as yet.

All are delighted to think that the holidays are at hand.

The members of the faculty will all be engaged in institute work during the holidays.

In the election of city officers Prof. Powell was elected a member of the City Council, and E. S. Calton one of the class of '85 was elected marshal.

The Good Templars Lodge meets regularly every Saturday evening and judging from the interest that its members seem to be taking in their work, it will surely be productive of much good.

On account of the large number of students in attendance, the faculty have added to their force, Miss Belle Elbert who will remain until the close of this term.

Rev. Sails gave the school a call while here and favored the students and faculty with some very pleasant remarks on that all important subject education, by which they will be much more entertained.

Mr. Crowther delivered two very interesting temperance lectures here. He also addressed the students of the Normal School, both in chapel and teachers class. The students all appreciated the lectures very much. They were very instructive and entertaining. He is an able speaker and pleases all who hear him.

U.S.A.

Veritas Aristocracy.
The only practical way to improve and develop our country and promote a higher civilization is to reduce our indirect taxation and put the tax upon land so that those who have more land than they really need and can use find it to their interest to sell. So long as a particular class of men buy up and hold large quantities of land from the hands of labor so long will the best interests of our country be deterred and especially by foreign capitalists who are not citizens and live abroad. We should do all in our power to suppress and prevent the evils of the old world entering into the new. Recently an English syndicate purchased 3,000,000 acres of land in Texas. Besides other large acquisitions of land have been made in other parts of our domain by foreigners. Our brave ancestors fought, bled, and died for the sacred cause of liberty in the Revolutionary struggles. Besides thousands have died for universal freedom. In view of these facts we should hunt the idea of tolerating an aristocracy that will make our people worse than chattle slaves.
